

## ANTS AND CRAWLING INSECTS - EXTERNAL SPRAY APPLICATION

We have been contracted to provide external pesticide application for the control of **Ants and crawling insects**.

We require access to your premises between the hours of **9 AM and 5 PM**.

**NOTE: If you are unable to accommodate this appointment, please contact your Management immediately. Ecopest Inc. is not responsible for any stains or damage that may occur.**

1. If the weather is NOT suitable (i.e. rainy, windy, etc.) we will reschedule the work to the next available day.
2. We ask that you close all windows, and remove all children's toys, and animal dishes (for food and water) until we have finished spraying.
3. While we are spraying, we ask that you or your pets do not enter the area being sprayed, and to please remain out of the area for approximately TWO (2) hours after the spraying has been completed or until the application is dry. It is safe to return to the area two (2) hours after we have completed spraying or after the application is dry.
4. If there are any health concerns, please vacate the area for the entire duration of the treatment and at least 4 hours after the spraying is completed.

Malathion – PCP# 8624

Dragnet – PCP # 24175
